

# POINSETTIAS

One of the most delightful decorations during the Christmas season is the Poinsettia. Becker's Farm Garden Center will offer a florist quality poinsettia for the 2022 Christmas Season. The most common choice is the deep vibrant red but a wide array of color and sizes will be available to include white, pink and marble. Red and white will be available in the 4.5", 6.5", 8.5" and 10" sizes. The pink will be available in the 4.5" and 6.5" sizes and the marble will be available in the 6.5" size only.

Your order will be filled with Poinsettias that have an abundance of rich green foliage and thoroughly colored bracts carefully selected by our greenhouse technicians. They will be delivered with colorful foil of your choice in red, gold or green. They will also be sleeved to aid in the transporting of them as well as protection from the cold weather.

You are welcome to visit our garden center during our regular business hours to view the array of colors.

We encourage you to order early to reserve the color and sizes you desire.

*Deadline for ordering is December 5th.*

## POINSETTIA CARE

The poinsettia needs its space. Remove the sleeves from the poinsettias upon receipt by carefully tearing the paper sleeve along the seam. With the plastic sleeve carefully cut along the seam. Place the plants in indirect sunlight for at least 6 hrs per day. Poinsettias prefer room temperatures 68-70 degrees. If you are comfortable, so is your poinsettia. Temperatures below 60 degrees will cause plant deterioration.

Your poinsettia should stay moist but don't let them sit in a pool of water. Don't let them dry completely before watering. Avoid cold drafts or excessive heat. Poinsettias are fragile plants and should be handled with care.
